

WorldMasters2000 Scoring Structure

1. There will be four rounds to the WM2000 tournament.

Team Tournament (Round 1)

Individuals will be accepted to the deadline only in multiples of seven. Date and time of sign up will determine cutoff. Individuals may get together in groups of seven for the sole purpose of country allocation, and still play as individuals, OR, they may elect a captain and play as a team. Individuals, when they signup will have the option of asking that the Organizing committee place them on a team with others who have made the same request. Such groupings will be random and the players will have to elect a captain.
